

BIKE FRIENDLY

C E R T I F I E D

To whom it may concern,

Thank you for your interest in Dalhousie University's status as a Bike Friendly Certified Workplace through Bicycle Nova Scotia's Bike Friendly Certification Program.

The Bike Friendly Certification Program is an education and promotion tool for businesses, workplaces and residence in Nova Scotia who go above and beyond to cater to cyclists — whether they be touring the province, commuting to work, or trying to find a place to live that also provides amenities that are attractive to riding.

Having applied through their Office of Sustainability, Dalhousie University's Halifax Campus and the Agricultural Campus in Truro, NS are both Bike Friendly Certified as Workplaces, not only because of the infrastructure support they offer University Staff, but also by providing commuter incentive programs, offering flexible working hours to accommodate cycle-commuting and by advocating for better cycling infrastructure.

If you'd like more information about the Bike Friendly Certification Program, please visit bikefriendlyns.ca/about or email me at any time.

Sincerely,

Steve Bedard
